

Touchless Payments Using Your CCU MasterCard Debit Card or CCU Platinum Rewards Visa Available!

Touchless payments using a digital wallet are available with both your CCU MasterCard Debit Card and your CCU Platinum Rewards Visa! Not only do touchless payments allow you to pay without having to pull your card out and insert or swipe, but they also utilize an encrypted or tokenized version of your card number for a higher level of security. If the tokenized number is compromised, instead of canceling and ordering you a new card, we can simply reissue a new tokenized number, allowing you to continue to use your CCU MasterCard Debit Card or CCU Platinum Rewards Visa Credit Card. As long as the true card number is never compromised you will never have to be without your CCU MasterCard Debit Card or CCU Platinum Rewards Visa again!

Enrolling your CCU MasterCard Debit Card/CCU Platinum Rewards Visa Credit Card is easy! Just register your CCU card in your phone's digital wallet (Apple Pay, Samsung Pay, Google Pay). Many phones come with the wallet preloaded onto the phone, but if needed, download the digital wallet from the Apple/Play Store. Then open the digital wallet and follow the instructions to enter your card's information. Once the registration is complete and when shopping at participating merchants (in store, online, or in-app), there is no need to pull out your card, use your digital wallet instead!
